COLLEGE OF
**ENGINEERING AND
COMPUTER SCIENCE**

Dear Prospective Sponsor,

Our comprehensive Bachelor of Science Degree in Construction Management is the direct result of a unique partnership between local employers, industry leaders, and California State University, Northridge. We have graduated over 200 successful students and have over 162 students currently enrolled in the program. Under the direction of an executive-level industry advisory board, the Construction Management Program arms students with a solid background in management, business, and building science.

Our students understand contracts, plans, and specifications and they know construction methods, materials, laws and regulations. Our program ensures our students are prepared to contribute to companies immediately after graduation. Our rigorous program is continually reviewed and accredited by the American Council for Construction Education (ACCE).

This is possible thanks to the generous support of employers and industry leaders in the greater Los Angeles area. **We invite you to partner with us by becoming a sponsor of our annual Construction Management Golf Classic.**

Through this annual golf classic, the Construction Management program receives vital funding for its programs and students including:

- Scholarships for students
- Participation in the annual Associated Schools of Construction (ASC) Student Competition in Reno, Nevada
- Cutting edge software and equipment
- Opportunities for faculty to participate in national and regional conferences

Your participation in this year's Construction Management Golf Classic will ensure these and other innovative enhancements can be part of our curriculum.

The only Mulligans in this game are at the tournament...Sponsorship is a Hole-in-One!

Thank you for your support and consideration.

Mohamed Hegab, Ph.D., PE, PMP, CCM
Chair/Professor
Civil Engineering and
Construction Management Dept.

Houssam Toutanji, Ph.D.
Dean
